Commodores Comment

Hi and welcome to this month's newsletter. It's been a great start to spring, the weather has been very kind to us farming folk so far. It's almost a pleasure heading round the sheep even though all were looking for is trouble..... Most of the time we find it! We get a good view from the top of our hill and most mornings I stop to have a look around to survey the country side with my trusty binoculars. When it's clear I can see bluff hill, the smelter chimney and Stewart Island and everything in between. On very clear days you can also see the sea as well as any big ship heading into or out of the harbor. Last weekend was a cracker and I would expect that a few people dusted off their boats and headed to lakes or sea for a early trip. Sadly I didn't as I was stuck in a sea of after birth!!

Something that I forgot to mention last month was that the Club now has a Facebook page. All Members are welcome to join and post your boating trip photos or discuss boating issues etc. Currently 36 members have joined up. It will also be used to inform members of upcoming events and is easier to post or update than the website. Tony McDowall has just posted photos of inside the Kingston lodge with all the paper stripped off. Looking forward to seeing the finished photos soon.

Octobers event is a private screening of Pete's Dragon at the St James Theatre, It will be a good family movie with a familiar background. Details are in the newsletter. In November were heading down to have a look through the Stabi craft factory, It will be very interesting to see how these boats are put together.

Make sure you checkout the upcoming events page as there has been some changes and the Kingston Katch was left out.

Bye for now,

Dave McFadzien

Secretary Notes:

The September Executive meeting was held at Jamie Chittocks home. Most of us travelled there in Tony McDowalls flash new “Work” van which is so big we could have had the meeting inside it. There were eight members present.

The main business on the table was to do with the Lodge. Having Oaked the internal refurbishing last month, there was further discussion on the painting of the ceiling. As the award winning painters were to do the job over the next week it was decided to make the best of them and finish the job by painting the ceilings. There was also a need to replace the old lights which have seen better days. This meant that we needed to pass the additional cost as quoted last month and this was duly done and approved.

Reports covered various fishing trips, mostly unsuccessful, and also our last General meeting held at the new RSA lounge where 24 members enjoyed Jarred Scott’s talk and photos of his trip to the Indy 500 and Nascar events in the USA. A great night.

Further business covered fine tuning of our coming events and the inclusion of a few others. Look at the Events list in the centre of the Shoreline for the new dates.

Following a nice supper we were shown Jamie's new race boat in the workshop, then we were whisked back to town in the Executive Van.

Pete

Len Ross Fishing

Bizzzzzzzz! Went the fishing line. Hi my name is Olivia and I'm going to talk to you about the Len Ross fishing trophy (for kids). This year the Len Ross fishing trophy is November the 12th & 13th. I hope all you kids out there will come to give my sister Emma and my brother Ross and myself some competition. There are always lots of cool prizes, I've won tackle boxes, lures and chocolate. Last year Emma won a collapsible casting rod. You have to go out on lake Te Anau or Manapouri and catch the biggest fish (for the kids). There is also a separate competition for adults, the lucky winner gets their name on a trophy. Then you have to come ohhhhhh! By the way I'm not telling you any of my secrets to catching fish! Any way you have to come to Len and Shona Ross's holiday home on the Sunday to 65 Bligh Street where Len provides a BBQ and a prize giving. This is a good time to see the fish caught and hear the tales of the ones that got away and the kids always have a game of cricket in the backyard.

The first week of our White baiting season has past and we have set most of it up. When we first arrived there the river mouth was blocked consequently leaving very high water at the very spot we wanted to put up our structure. We had a quick look and went back to the house and got all the equipment up and running and planned what we would do in the morning. After two days of heavy work wading in almost chest high water we had both stands just under half way out. It was very hard going and all the gear had to be pulled out through this water, it seemed that everything was in slow motion. On the last evening we were standing on the walkway talking when my partner in the stand with us who was the only one that had not fallen in stumbled on an obstruction on the walkway and fell headfirst into the water, remember this was high water, well he went right under and came up gasping, turning over on his back but his waders were full of air and would not let his feet down so under he went again. By this time I had rushed to the edge to plunge in after him but he came up again spluttering and saying "I I aa mmm all right " saved me from going in. But got down the step and helped him out I only gave him 4 out of 10 because he made to big of an entrance splash.

Any way we got the nets going and for the next four days we got about two Kgs per day. So it turned out not so bad after all. The last day I was there we got a very heavy rain [again] and the river flooded that night and in the morning before I left it had broken open at the mouth again and the the water was receding quickly.

We had a new pile driver there to help us but were reluctant to use in fear of dropping it in the water.

Everything is good again and we still are able to work the system and get the odd good feed. Until next adventure during the school holidays

Henry Bennett.

Recipes

Kiwi Whitebait Tart

Pastry

125gms cold butter
2 cups flour, white or wholemeal
Pinch salt
1 tsp baking powder
Cold water to mix

Method: Grate butter into flour and add salt and Baking Powder. Mix together with just enough water to bind. Roll out pastry and line a 25cm tart plate.

Filling

3 eggs
¼ cup milk
¼ cup cream
2 tsp dill leaves
½ tsp each salt and white pepper
Grated zest of one lemon
500gm whitebait

Method: Beat together the eggs, milk, cream, dill pepper, salt and lemon zest, then stir in the whitebait.

Pour the mixture into the prepared shell.

Bake for approximately 45 minutes at 180 degC

A Blonde Dyed Her Hair To Prove That She Is Smart. What She Did Later Is Pure Gold.

A blonde got tired of everyone treating her like she was dumb so she decided to dye her hair brown. She went out and about in the world to prove that she was smart. She came upon a sheep farmer and thought it would make the perfect opportunity to show off her brains.

The now brunette blonde asked the farmer if she could have one of his sheep if she could correctly guess how many sheep there were. The farmer looked at his sheep that were jumping and running about and thought to himself "that would be impossible" so he allowed her to guess. After a few minutes, the woman correctly guessed the number at 129.

The farmer was amazed so he let her pick one of the sheep. The woman walked into the middle of the heard, picked up a fuzzy little critter and walked back to the farmer.

The farmer smiled at her and said "If I can correctly guess what color your hair is can I have my dog back?"
