Commodores Comment

Hi all and welcome to this months newsletter. Well I think spring may finally be here and ewe farmers will be flat out lambing and calving. Things are pretty busy with the painting game with plenty of work booked in for the summer with us going to Queenstown, Wanaka, Cromwell, Riverton and Te Anau some of the place's we have been or going to in the few months. Did you note that all these places have water around them and now daylight savings is here the boys may get some boating and fishing done in Te Anau [AFTER WORK].

A good turn out at the executive meeting with lots talked about mainly up and coming events and the Kingston Lodge with a working bee booked in for October.

We have a general meeting 5th October with Gary Weir speaking to us about his antics and miss behaviour on a motor bike tour. Gary is a great speaker and a good turn out would be much appreciated. We have some good ideas thrown about for some trips and if any members have one please feel free to let the executive no.

Until next time.
Tony McDowall
GBC 795

Secretary Notes:

There were 14 members present at Tony and Miranda McDowall's home for the first Executive meeting of the Boat Club year. The general business was unremarkable and we soon got down to discussing what events would be on the Boat Club agenda for 2017 /18.

Fixture events such as the Poker Run, Kingston Katch, Len Ross Fishing Competition and the Brass Monkey are all set in concrete. Other events are the School and Champs on February 11th & 12th at Bannockburn, a 4WD trip somewhere, a movie or two, a trip on Otago Harbour to rape and pillage the salmon stocks, and possibly a Day Skippers and VHF radio course if there is enough interest.

It looks like the Christmas BBQ at the lake might be on again weather permitting and possibly we will enter the Christmas Parade again too.

Hopefully advertised elsewhere is a meeting on the 5th October with Gary Weir as speaker. This will be at the Croydon Lodge starting at 8pm and as we have mentioned before members need to support this if further general meetings are to be organised with outside speakers.

Our Lodge occupied us for a while. There is some difficulty in determining who has paid what and whether people renting are being honest in their payments. It is something that we can't easily police but accurate details with your online payments identifying deposits and final balance would help. Since the Lodge has soaked up a fair bit of our savings in recent years we need to be recovering a fair value from the rental to replace that money. Remember that we can't get flood insurance on the Lodge and the savings account is our personal insurance should we need to carry out flood repairs in the future.

Secretary Notes:

A working bee is required there sometime soon as there has been a tree down by the BBQ, the weeds keep growing as do the lawns. Good news is that we are getting a new vacuum, and the purchase of drapes for the front windows will mean occupants can wander around scantily clad with out being ogled by people on the street. And more firewood is on its way.

The only other thing I would like to mention is the letter the boat club received at the AGM. It was from long time and life member Bruce Thompson who wished to resign due to failing health and less interest in the affairs of the club. Unfortunately for Bruce the meeting refused to accept his resignation, the reasoning being that a Life Membership is just that, for Life. I haven't talked to Bruce but will soon and will abide by his wishes if that is what he really wants.

That's all from me this month.

You can contact me on 0272089031 or 03 2089609 if you have any boat club business you need to discuss.

WORKING BEE

Kingston Lodge Working Bee

The executive of the Boat Club has organised a working bee for Saturday the 28th of October. Anyone wanting to help out on the day, we will be meeting at the trout at 7:30am to carpool and travel up to Kingston.

The main jobs to do is a tidy up the grounds for the summer. There have been some big winds lately which has broken a few trees that need tidied up/trimmed back, lawns mowed, weeding, **spouting's cleaned etc.**

If you are available to offer your services for the day it would be much appreciated!

Lunch and refreshments will be supplied.

Please contact Matt King on 0272089296 if you are available to attend

W R I G G I L S E V A D U S

Once again the Whitebait season has started on the West Coast.

We were no exception and joined the fray. We had a very good spell of weather and put up our new stand with very little trouble, and it really works a treat. Just a push of a button and the whole thing comes up out of the water so no more worry when it starts to rain. The conditions were so good we made the best job ever of putting the two stand up with the poles all straight and level.

We were all set to go on opening day with two on the stands and two down to the spit pot net. It was a very early start and we had to use a torch [good one] to see our way very carefully down the river. Got the nets in and the Sun came up and it all looked good but by end of the tide we quickly lifted our nets to just enough bait for a patty each, no spares. So it continued for the next four days with just enough bait for eating. After that the two stand partners went home but we stayed on for another week. The results were a little better so we were able to bring a small parcel home each.

During the time the weather being so good I took a small spin rod down pot netting and caught five trout one being a fine sea run specimen which was great on the B-B-Q.

Another day I went down with another friend and he caught 9 Kahawai and I caught one and another trout. The Kahawai were chasing a school of Smelt that came up the middle of the river right at the outlet through the surf. Great stuff and as I only had a very small breaking strain line and small rod it took a long time to land the fighting Kahawai.

There is another crew over there just now and we have heard a bit of a rumour that there has been a good run while they have been there, will just have to get results when they give a report.

That's it for now but hope to get back with the grand kids during the holidays.
